

Dear Corporate Partner/Sponsor:

The Central California Psychiatric Society (CCPS) is proud to extend a Corporate Partnership/Sponsorship program opportunity for our industry partners.

The mission of Central California Psychiatric Society is to meet the professional needs of its members and to promote the quality treatment and prevention of mental illness in Central California by:

- Identifying and serving the professional needs of the membership.
- Representing those needs to the California Psychiatric Association and the American Psychiatric Association and supporting the activities of these organizations.
- Educating people with mental illness, their caregivers and providers, and the general population about mental health and mental illness.
- Promoting access to quality psychiatric care.

In performing these functions, members of the Central California Psychiatric Society are mindful of the special features of our region, including its cultural diversity, largely rural character, and the presence of the state capital.

We need your help to sustain our efforts and our mission. There are a variety of benefits offered to our corporate partners/sponsors. It provides your organization with an excellent opportunity to nurture successful relationships with the psychiatric community.

We would like to thank you for your support of the Central California Psychiatric Society. If you have any questions about becoming a Corporate Partner/Sponsor or the corresponding benefits, please do not hesitate to contact Chris Stockton *at* (888) 234-1613 or via email at info@cencalpsych.org.
